Church History

The Parish was founded in 1898 and the first Mass was celebrated in the new wooden church on September 21st. On June 27, 1908, the church and school house were completely destroyed by fire. However, by November a new church, which faced Genesee Street, was blessed. This second church was considered a temporary structure, and by 1914, the present church was built for a total cost of \$93,500.00. The church was dedicated to God and placed under the patronage of St. Stephen, first king of Hungary.
