Church History

The church was founded in 1915 by Hungarian immigrants who came to Manville to work at Johns-Manville. Through the years, membership has increased to include a variety of ethnic backgrounds. The congregations continue to follow God by living faithfully as his people in this Christian community. They pray that together they may continue to grow in our understanding of which Jesus is and what he has done for us, and to reach out into the community and draw others into his love and this fellowship.
